TIGER

JOE HENDRIX

Joe,
I don't really know where to begin. There are so many things I would like to say.

First off your one of the sweetest boys I know. your also very good looking.

I've only known you for two years, but I really only got to know you this year. Its been a lot of fun, knowing you.

You have a great personality and with the looks you've got you could have any girl you want. (Almost) "Keep your great personality and you'll always have friends.

I hope you get everything your looking for out of life. may God give you the best because if anyone deserves the best you do.

I hope someday we'll be closer than what we are. I sure would like to get to know you on the inside.

P.S.
Stay Sweet!

Love ya,
Linda

Joe,
It has been 1 year
I know, and
think you are a very
nice & understanding guy &
even neat, I wished the best
of luck. Love,
Cecilia.

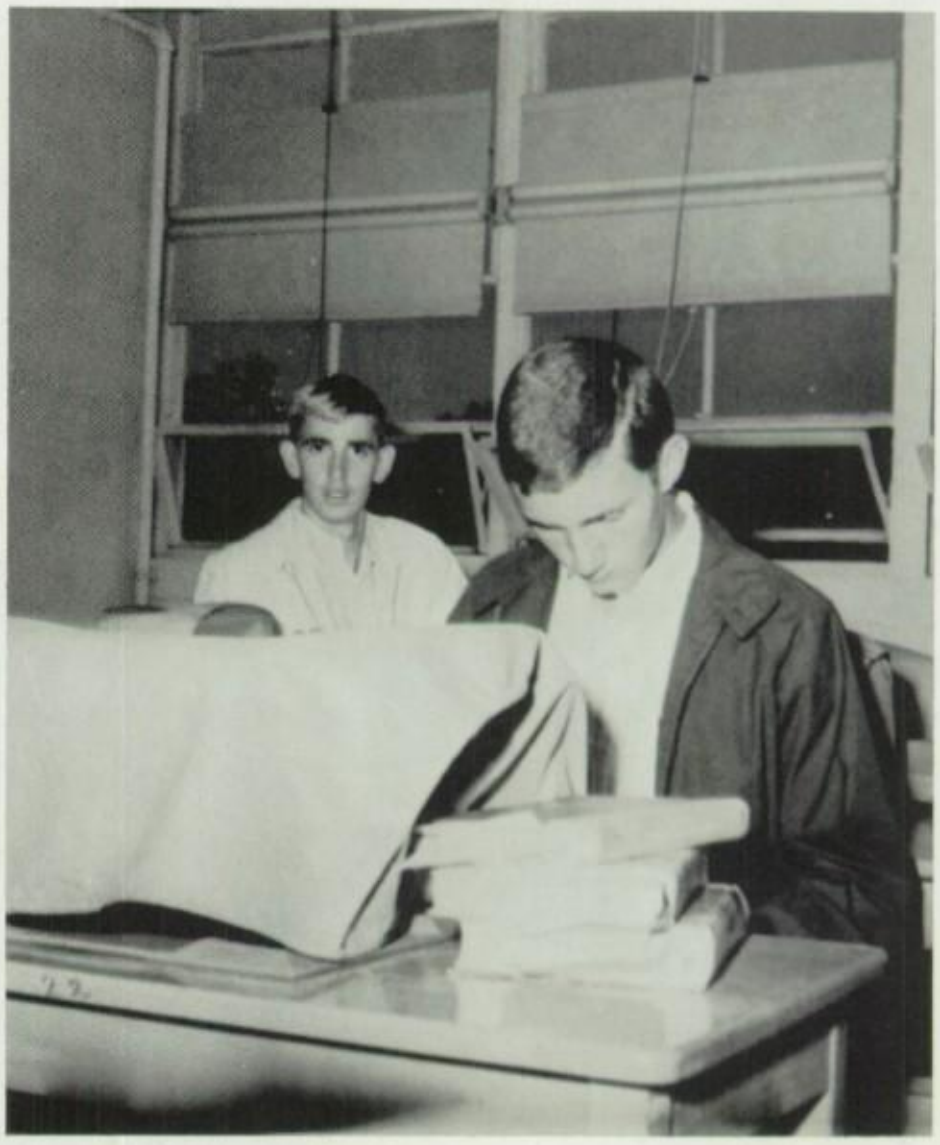
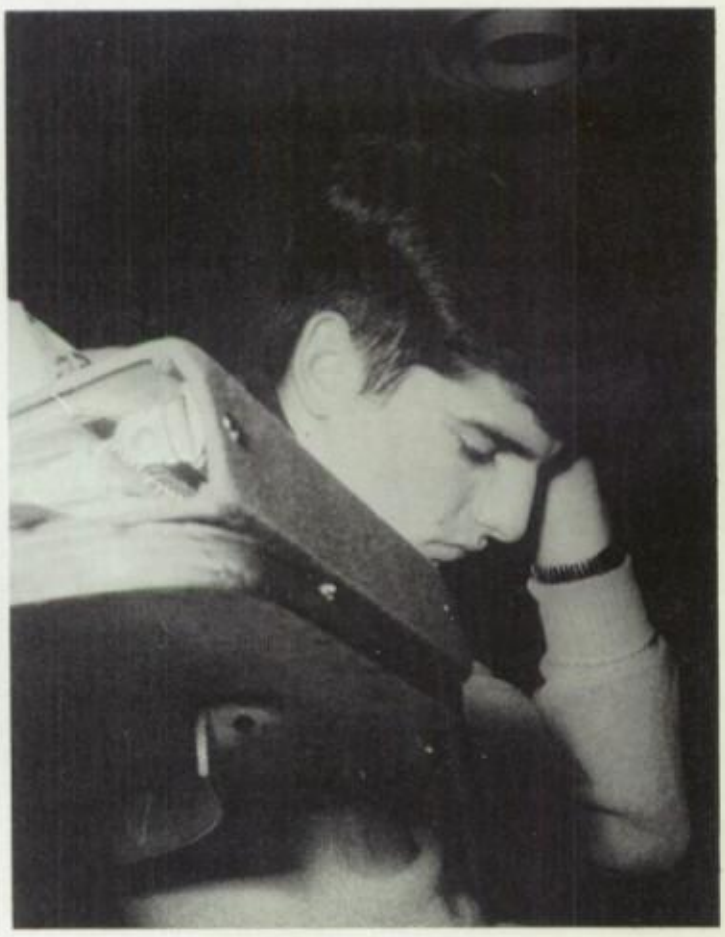
Until the students arrive, Reidsville High School is nothing more than a structure of brick. It then becomes a living organism which functions as an integral part of each student's life and of several communities.

The moods of R.H.S. are determined by the students themselves.





At the end of twelve years these emotions have developed a complete person, capable of living — not just existing.

'69 "Tiger" Dedicated to Mrs. Joyce R. Wood

MRS. JOYCE R. WOOD

For twenty-one years you have dedicated your time and self to the teaching of students at Reidsville High School. Your determination to continue teaching though seriously handicapped has inspired the students of our school to strive for higher goals.

In love and appreciation for your efforts and inspiration, we of the Staff dedicate this 1969 "Tiger" to you, Mrs. Wood.

ADMINISTRATION

Principal's Message

Members of the Senior Class:

Congratulations to each of you. I hope that your years at Reidsville High have inspired you to travel forth with burning ambition to do the things you have planned. May you always live your lives with perfect trust in God and mankind.

SETTLERS AT WORK

Early Americans had to live together in harmony, or they would not survive. This was called "government in order to live," the beginning of the government today.

Chapter 3

IN THE BEGINNINGS OF GOVERNMENT IN THE UNITED STATES

The roots of American government reach deep into the past. The system of government that we enjoy today sprang into being as the result of some political magic at the moment when it pulled out of this air by Now was it pulled out of this air by Now

Our English Heritage. The French, Spanish, Dutch, Norwegian, and other European settlers of what was to become the United States. But it was settled in parts came in the largest numbers. And it was the English who came to control the thirteen colonies that were founded for 1,200 miles along the Atlantic seaboard.

These early pioneers who cleared the wilderness and fought off the Indians had to back out their own economic future in the New World. But there came here in search of greater free-

from the Old World and their heritage of political habits with them. They brought with them the knowledge of English law, and they had been developing for centuries in England. These principles that came to the American colonies were to be the basis of government in the United States. They are the principles that we shall now review briefly.

(1) *The Basic Concepts of Limited Government and Civil Liberties.* They brought with them, too, the twin ideas of limited government and civil liberties. That is, that government is not all-powerful, that government is limited in what it may do, and, especially, that it is limited in the areas

of which are to be found today — county, borough, jury, sheriff, coroner, and justice of the peace, for example. And all of these were well-known in England long before the first Englishman ever heard of America.

(2) *The Basic Concepts of Limited Government and Civil Liberties.* They brought with them, too, the twin ideas of limited government and civil liberties. That is, that government is not all-powerful, that government is limited in what it may do, and, especially, that it is limited in the areas that each man has certain rights that government cannot injure or take away. These great principles of freedom were proclaimed in such historic English documents as the Magna Carta in 1215, the Petition of Right in 1628, and the Bill of Rights and the Act of Toleration of 1689.

(3) *The Concept of Representative Government.* A third vitally important concept brought to America in English ships was that of representative government. For centuries these had been developing in England the

Joe,
I have enjoyed knowing you these past weeks and going with you has been great. But now that its over, well that's how things go. I've never been hurt, so you can imagine how I feel. Joe I love you so much, but you should know that by now. I am wishing you the best of everything you attempt to do.
Always Geraldine Remember I'll still date you if you want me to.
Love Gerri

I have written in a few other places in your book. Hope you don't mind. Try to find them.
Gerri He me again. I thought I'd just fill up the empty space. Joe I'm wishing you the very best of luck in everything you do. Do be sweet. Guess I won't write anymore on this page.
Love Gerri

Joe,
It has been just great knowing and going to school with you all these years. Joe I think you are a very nice and cute guy. A boy with a great personability. A boy I will never forget as long as we live.
Joe don't forget those good times we have had. Most of all don't for get those times you have come to the house. Remember the time we all got together and went hunting ~~Bear~~ Stuff for the Halloween Carnival.
That was boss.
Love you lots
Wanda Lynn
P.S. Good Luck you need it
